

## MAP OF ENSENADA

## DIRECTIONS TO HORSEPOWER RANCH

**Directions:** Upon entering Ensenada, stay on the main Blvd. (Blvd Costero / Lazaro Cardenas). This road will continue thru town past Anthony's, the "Big Heads/Flag" monument, the Riviera Convention Center and the Corona Hotel (Watch Out For The "Altos"). Just past the Naval Base make a left at the new stop (Alto). After the left stay on main road and continue straight at the 4 way stop. The main road will pass under Hwy 1 bridge. Continue straight on main road through several stops (Altos) and the main road will curve to the left just past the cement factory. Be sure to stay left on the 4 lane road here as there is a spur road that continues straight. Continue on the 4 lane road thru several more "Altos" and past the Pemex (Watch Dips!) gas stations. Once past the Pemex stations, there will be a few more "Altos" as the main road (Now Hwy 3) begins to wind up into the foothills to the East of Ensenada. Start watching the "Km" markers! At 8 tenths mile past Km 8 you will be turning right off Hwy 3 onto a dirt road. At 4 tenths mile go left at "Y". Caution! Semi steep downhill. At 4 tenths mile turn right into ranch. Careful, it comes up quick!
